Don,

Here is a draft Q and A I had prepared and sent to Laura Williams yesterday on the GKM Mine Owner saying EPA lied in Congressional Hearing. This may or may not come up in upcoming hearings. Thanks!

Laura,

I am attaching my draft response to the two quotes by Todd Hennis in the Colorado Watchdog article below. In anticipation of this article being picked up by others, I thought we could come up with some responses. Let me know your thoughts. Thanks!
